

**RG ROM GUMMI**  
- a part of RG Group

# QHSE POLICY

## QHSE POLICY

### Q - Quality

We deliver premium quality and the best individual rubber solutions through professional advice, cooperation with our customers, effective management, and great flexibility.

This is achieved by using the quality management system ISO 9001:2015.

The RG Rom Gummi management group is highly committed to the system and will systematically and periodically monitor it. Managers as well as employees are working according to the management system.

#### Quality Policy

We will supply products which meets our costumers' expectations, requirements and specifications.

We will offer our customers a flexible, quick and effective service.

We will continue to improve and develop our company in compliance with ISO 9001.2015

### HS – Health & Safety

We are committed to our employees and pay high attention to health and safety.

Our aim is to achieve zero work incidents, accidents or occupational diseases. In addition, we of course follow applicable laws and regulations regarding health and safety.

The management and work environment committee continuously work to improve safety and work environment for all employees:

- Employee Conversations
- Employee Training and Courses
- Registration of incidents / accidents
- Workplace assessments
- Continuously improvement of protection equipment
- Chemical work assessments / risk assessments

### E-Environment

Environmental awareness is an important issue at RG Group. We want to take care of our employees and customers as well as the environment and the future generations.

We will strive to protect and preserve the climate and environment. To achieve this, we will continuously improve and optimize the entire RG Group in daily operations as well as in future optimizing and layouts.
